#### AWARD

By order No. ID/FD/75/1326/12860-64, dated 7th March, 1975 the Governor of Haryana, referred the following dispute between the management of M/s. G. William and Fabrication Mathura Road, Faridabad and its workman to this Tribunal, for adjudication, in exercise of the powers conferred by clause (d) of sub-section (1) of section 10 of the Industrial Disputes Act, 1947:—

Whether the workman should be paid bonus for the years 1970-71, 1971-72 and 1972-73 ? If so, with what details ?

On receipt of the order of reference, notices were issued to the parties. The parties appeared and filed their pleadings. On the pleadings of the parties, the following issues were framed on 15th December, 1975 :—

1. Whether the demand leading to the reference has been espoused by a requisite number of workmen ?
2. Whether it was necessary for the workmen to raise a demand directly on the management and for the latter to reject before the matter was taken before the Conciliation Officer, in order to constitute an industrial dispute ?
3. If yes, whether the workmen raised a demand directly on the management and the latter rejected it before the matter was taken to the Conciliation Officer ?
4. Whether the workmen are entitled to bonus for the years 1970-71, 1971-72, and 1972-73 ? If yes, with what details ?

The case was fixed for the evidence of the workmen. The workmen took several dates and lastly examined Shri Darshan Singh their authorised representative for the workmen who deposed that the demands were raised by him. The factory employees about 30 to 32 workmen and out of them about 25 are members of the union and a resolution was passed in the meeting to raise the demand. He denied that he had no letter of authority but stated that a letter of authority was given to the Conciliation Officer and closed his case. Then the case was fixed for the evidence of the management. The management obtained adjournment which was granted subject to payment of costs Rs. 25/- only which was not paid. The representative for the management closed his case without leading any evidence. Then arguments were heard. I, now give my findings issuewise :—

*Issue No. 1.*—I, believe in the statement of Shri Darshan Singh that meeting of the union was held and resolution was passed in support of the demand and there were more than 25 workmen who were members of the union out of 30 or 32 employees in the factory. I, therefore, decide issue No. 1 in favour of the workman.

*Issue No. 2.*—Now there is a clear pronouncement of law that there is no necessity of raising a demand directly on the management and rejection thereof by the management in order to constitute an Industrial Dispute. I, therefore, decide issue No. 2 in favour of the workman.

*Issue No. 3.*—It is proved that the workmen raised the demand. The demand notice is addressed to the Factory Manager of the management. I decide issue No. 3 in favour of the workmen.

*Issue No. 4.*—As far as bonus is concerned it is a case where minimum bonus should be paid to the workmen and this was argued by the representative for the workmen. The minimum rate of bonus for the years 1970-71, 1971-72, 1972-73 was 8.33%. I, therefore, decide this issue in favour of the workmen holding that the workmen are entitled to bonus @ 8.33%. As a result, of my findings on the issues, I answer the reference and give my award that the workmen are entitled to payment of bonus for the years 1970-71, 1971-72 and 1972-73 @ 8.33% and the same should be paid to them.

Dated, the 12th December, 1978.
